Dell Quote Terms

For Home and Home Office Purchasers: Unless otherwise stated in the quote, this quote is valid for 5 days, can be cancelled at any time by Dell and is subject, along with your purchase and use of Dell products, to the Consumer Terms of Sale, Limited Hardware Warranty and Return Policy located at dell.ca/terms.

For Commercial, Enterprise, Business, Channel and Public Sector Purchasers:

Validity, Prices, Errors: Unless otherwise stated in the quote, prices for most items in the quote are valid for 10 days (except for prices for third party products which are valid for 5 days). Dell may, at its sole discretion, extend the validity of pricing for up to 30 days in total. Products, availability, and pricing is subject to change (including as a result of fluctuating foreign exchange rates or changes in component costs). Dell may cancel this quote as a result of pricing or other errors and will not be responsible for any inaccuracies, errors or omissions. This quote may include estimated applicable sales taxes, shipping fees and environmental fees but final taxes and fees will be set out in the applicable invoice.

Agreement: The quote is considered an offer by Dell. If you issue a purchase order to and/or place an order with Dell Canada Inc. ("Dell") for the quoted items, you, the entity to whom this quote was issued ("Customer") are accepting Dell's offer, and the quote, including the terms and conditions below, constitute a contract between Dell and Customer.

Governing Terms: This quote, and Customer's order and use of products and services is subject to: (a) a separate written agreement between Customer or a Customer affiliate and Dell or a Dell affiliate (to the extent the agreement expressly applies to the products and/or services in this quote) or, to the extent there is no such agreement, to the applicable set of Dell's Terms of Sale (available at www.dell.ca/terms), or for cloud/as-a-Service offerings, the applicable cloud terms of service (identified as part of the Offer Specific Terms referenced below); and (b) the other terms referenced herein (collectively, the "Governing Terms"). The Governing Terms apply to the exclusion of all terms and conditions incorporated in or referred to in any documentation submitted by Customer to Dell (including in any Customer submitted purchase order, even if such purchase order is signed by Dell). Different Governing Terms may apply to different products and services on this quote. For instance, any separate written agreement entered between Customer and EMC Corporation of Canada (a former affiliate of Dell that was amalgamated with Dell) will apply to any storage, converged, hyper converged, data protection and other similar infrastructure products (collectively, "Infrastructure Products") and related services listed in this quote and ordered from Dell (regardless of whether there is also a separate purchase agreement in place between Customer and Dell governing the purchase of other products).

Global or Non-Canadian Agreements: Customer and Dell may choose to leverage a separate written agreement between their respective non-Canadian affiliates as the Governing Terms. If Customer and Dell leverage such Governing Terms for the purchase of Infrastructure Products, notwithstanding any delivery terms to the contrary therein, title and risk of loss for such Infrastructure Products will transfer from Dell to Customer upon clearance of Canadian customs.

<u>Dell Software Licenses and Services Descriptions:</u> Customer's use of any Dell software is subject to the license terms accompanying the software, or in the absence of accompanying terms, the applicable terms posted on www.Dell.com/eula. Descriptions and terms for Dell-branded standard services are stated at www.dell.com/servicecontracts/global or at www.dellemc.com/en-us/customer-services/product-warranty-and-service-descriptions.htm

Offer-Specific, Third Party and Program Specific Terms: Customer's use of third-party software is subject to the license terms that accompany the software. Certain Dell-branded and third-party products and services listed on this Quote are subject to additional, specific terms stated on www.dell.com/offeringspecificterms ("Offer Specific Terms").

In case of Resale only: Should Customer procure any products or services for resale, whether on standalone basis or as part of a solution, Customer shall include the applicable software license terms, services terms, and/or offer-specific terms in a written agreement with the end-user and provide written evidence of doing so upon receipt of request from Dell.

For third party Financing only: If Customer intends to enter into a financing arrangement for the products and/or services listed in this quote with a funding source ("FS"), such source must be pre-approved by Dell. Customer may issue its purchase order to Dell or to FS (who in turn will issue a purchase order to Dell). If issued to FS, Dell will fulfill and invoice FS upon confirmation that: (a) FS intends to enter into a Financing Agreement with Customer for this order; and (b) FS agrees to procure

these items from Dell. Notwithstanding the Financing Agreement, Customer's use (or Customer's resale of and the end-user's use) of these items in the order is subject to the applicable Governing Terms between Customer and Dell, except that title shall transfer from Dell to FS instead of to Customer. If FS fails to make payment due to Dell within the timeline listed in the invoice (typically 30 days), Dell will invoice Customer and Customer will promptly pay the Dell invoice amounts directly to Dell.

<u>DFS Payment Solution</u>: Payment solutions provided and serviced by Dell Financial Services Canada Limited or its affiliate or designee ("DFS") to qualified customers. Offers may not be available or may vary in certain countries. Where available offers may be changed without notice and are subject to product availability, applicable law, credit approval, documentation provided by and acceptable to DFS and may be subject to minimum transaction size. Offers not available for personal, family or household use. Dell Technologies and the Dell Technologies logo are trademarks of Dell Inc. Restrictions and additional requirements may apply to transactions with governmental or public entities.

For Commercial, Enterprise, Business, Channel and Public Sector Purchasers:

Validity, Prices, Errors: Unless otherwise stated in the quote, prices for most items in the quote are valid for 10 days (except for prices for third party products which are valid for 5 days). Dell may, at its sole discretion, extend the validity of pricing for up to 30 days in total. Governing Terms: This quote, and Customer's order and use of products and services is subject to: (a) a separate written agreement between Customer or a Customer affiliate and Dell or a Dell affiliate (to the extent the agreement expressly applies to the products and/or services in this quote) or, to the extent there is no such agreement, to the applicable set of Dell's Terms of Sale (available at www.dell.ca/terms), or for cloud/as-a-Service offerings, the applicable cloud terms of service (identified as part of the Offer Specific Terms referenced below); and (b) the other terms referenced herein (collectively, the "Governing Terms"). The Governing Terms apply to the exclusion of all terms and conditions incorporated in or referred to in any documentation submitted by Customer to Dell (including in any Customer submitted purchase order, even if such purchase order is signed by Dell). Different Governing Terms may apply to different products and services on this quote. For instance, any separate written agreement entered between Customer and EMC Corporation of Canada (a former affiliate of Dell that was amalgamated with Dell) will apply to any storage, converged, hyper converged, data protection and other similar infrastructure products (collectively, "Infrastructure Products") and related services listed in this quote and ordered from Dell (regardless of whether there is also a separate purchase agreement in place between Customer and Dell governing the purchase of other products).

If Customer and Dell leverage such Governing Terms for the purchase of Infrastructure Products, notwithstanding any delivery terms to the contrary therein, title and risk of loss for such Infrastructure Products will transfer from Dell to Customer upon clearance of Canadian customs.

<u>Dell Software Licenses and Services Descriptions:</u> Customer's use of any Dell software is subject to the license terms accompanying the software, or in the absence of accompanying terms, the applicable terms posted on www.Dell.com/eula. Certain Dell-branded and third-party products and services listed on this Quote are subject to additional, specific terms stated on www.dell.com/offeringspecificterms ("Offer Specific Terms").

In case of Resale only: Should Customer procure any products or services for resale, whether on standalone basis or as part of a solution, Customer shall include the applicable software license terms, services terms, and/or offer-specific terms in a written agreement with the end-user and provide written evidence of doing so upon receipt of request from Dell.
